

Eligibility Checklist

As part of your online request, you'll be asked to confirm you meet **ALL** required conditions below.

You must be able to check off (✓) **ALL** questions to qualify.

- YES** Do you own your home?
- YES** Do you have a valid gas Service Account with SoCalGas®?
- YES** Have you lived in your home for at least the past 14 months?
- YES** Do you plan to live in your home for the next two years?
- NO** Do you rent out any portion of your home?

Can you confirm your home has:

- YES** A working central heating system?
- YES** Working wireless internet/Wi-Fi?

Can you confirm your home does NOT have:

- NO** A smart thermostat installed?
- NO** A tankless water heater installed?

Participation Requirements

The program period runs for 12 months after your equipment installation. Participation includes providing utility access to past and future energy use to determine the efficiency of the smart home products. No action will be required on your part.

- YES** I agree to provide access to past and future energy use to determine equipment efficiency.

As a participant you may be contacted for program specific purposes including providing assistance, confirming your products are performing and collecting feedback.

- YES** I agree to receive as-needed program communications.

Able to check off ALL items on the previous page? Congratulations!

You'll just need to do a quick review of your current water heater and thermostat to ensure they'll work with your pack items.

Compatibility Check

You'll need to check your current equipment to ensure it's compatible with the program's smart home items.

Water Heater

- YES** Confirm you have a gas water heater.
- YES** Confirm you have one of the following options available:
 - Electrical outlet within two feet of the water heater. **OR**
 - Household extension cord that can reach from the base of the water heater to an electrical outlet.
- YES** Confirm it has a compatible control valve (see images below).

✓ Compatible

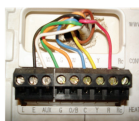

✗ NOT Compatible

Thermostat

Confirm the number of wires your current thermostat has, and if you'll need to request a free adapter. You'll need to remove your current thermostat's faceplate to view the wiring.

5+ Wires

Compatible

3 Wires

Must request additional free adapter

Click [here](#) to request your **FREE** pack.
